

THE KIDS' **GUIDE**

40+ FAMILY-FRIENDLY IDEAS FOR THE
PERFECT SCOTTSDALE VACATION

WHETHER YOU'RE TRAVELING WITH TODDLERS, teens or kids in between, Scottsdale offers plenty of sun and fun for the whole family. In this guide, you'll find helpful pre-planning tips, information on

kids camps and special events, and a list of 40+ fabulous activities and attractions for kids. There are also word games, fun facts and a coloring page to help your young travelers learn about Scottsdale's unique Sonoran Desert setting.

DISCOVERING NATIVE AMERICA

BEFORE YOU GO

Here are a few things you can do ahead of time to make your Scottsdale vacation practically carefree!

CONSIDER A SUITE

Many suites include kitchenettes that are perfect for preparing simple meals and snacks in-room. Plus, two-room suites provide separate spaces for naptime and playtime, and also give mom and dad a little well-deserved privacy.

REQUEST A LATE CHECKOUT

If your child naps in the morning or you just need some extra time to get packed, request a late check-out in advance; most hotels and resorts will accommodate you unless they're fully booked.

EXPLORE SITTING AND DAY CARE OPTIONS

Many of Scottsdale's hotels and resorts provide on-property options for child care, from licensed babysitting services to half- and full-day kids' camps. Contact your concierge for information.

SCHEDULE SOME DOWNTIME

There's no doubt about it, Scottsdale is full of exciting things to do! But be sure to plan for relaxation time, too. Consider splitting up once in a while – one parent can relax with a spa treatment while the other takes the kids to the pool. Or one of you can hit the tees while the other takes the kids to enjoy some time at a local museum.

INVOLVE KIDS IN PLANNING

Letting kids pick out their favorite activities before you travel ensures that everyone gets to do some of the things they like. Compromise is still key, but taking preferences into account ahead of time will help keep everyone happy.

THINGS TO BRING

Thanks to Scottsdale's casual, laid-back style, packing for your trip is a breeze. Here are a few items that will help your family enjoy their time in Scottsdale, no matter what's on the itinerary:

- Sunscreen
- Lip balm
- Hats
- Bathing suits
- Sunglasses
- Water shoes/sandals
- Camera
- Favorite Toys
- Nightlight

FUN FOR KIDS

Photo Hunt

Can you find the five differences between these two pictures?

Desert Grossology

Impress your friends with these fun and icky facts from the Sonoran Desert

- Some species of horned lizards can rupture small capillaries around their eyes at will and squirt a bloody solution at would-be predators. This fluid not only surprises the predator, it also can be irritating to the predator's mucous membranes.

- The tail of the Western banded gecko has specialized fracture planes that allow it to easily break off if the lizard is caught by a predator. This allows the lizard to escape, leaving only its writhing tail behind. A new one will regrow.

- Walkingsticks, skinny stick-like insects, can regurgitate foul-smelling liquid and leak blood from their leg joints to distract a predator.

- Rattlesnakes shed their skin one to four times per year. Each time they shed, they add another segment to their "rattle," which vibrates back and forth more than 60 times per second to make the snake's distinctive warning sound.

- When threatened, pinacate beetles (more commonly known as stink bugs) stand on their heads and emit a toxic spray from their rear ends to deter predators.
